

Dear Valued Member,

As a local small business, Fitness World is having to make unprecedented decisions due to the worldwide spread of COVID-19. We have temporarily closed as a precautionary step to help minimize the chances of spreading this disease. We anticipate this closure will last 10-14 days but will revise our plan based upon recommendations from the CDC and local, state, and federal agencies.

Please know that we regret the inconvenience this temporary closure may cause you. We will continue to keep you informed through our website, [www.fitnessworldnc.com](http://www.fitnessworldnc.com), and other digital channels. The entire Fitness World Management Team is working hard to keep our facility clean, disinfected, and ready to re-open at the earliest appropriate time. We will be sharing workouts through URL links and social media channels to help keep you on track with your personal health and wellness goals during these difficult times.

Your support and continued membership are vital to us. Maintaining your membership during this temporary closure will allow us to financially support our key staff and continue to be a valued and respected resource to the Durham Community for years to come. We have proudly served Greater Durham since 1992 and have given back tens of thousands of dollars in charitable donations, gifts in kind, and other local fundraising efforts. We love Durham and the Fitness World community. We hope you feel the same and will continue to support us by keeping your membership active.

With sincere appreciation,

Mark Bradley

President and Co-Founder

Fitness World
